Year 13 Trial Examinations: Monday 13 March to Friday 17 March

Dear Families

I am writing to confirm the details of the upcoming second set of Year 13 Trial examinations which will take place from Monday 13 March to Friday 17 March. Students will be on study leave for that week and they only need to attend the school site for their trial exams. Students are welcome to undertake revision on site but this must take place in either the LRC or the Y13 Study Room. Students should make sure that they know the format and focus of each paper that they are sitting. These trials are an important part of students' final preparations before they begin their A Level examinations in May.

Please find below the Year 13 Trial Examination Timetable. Students will be given their own individual timetable A copy of the timetable will also be put on the Year 13 Google classroom. Students with access arrangements will be given individual timetables showing when and where their exams will take place. Any clashes will be marked on their individual timetables. Students are required to be in the LRC 20 minutes before the scheduled start of the exam.

If you have any questions about these assessments do contact myself or Mrs Dow (Head of Year 13).

Yours faithfully

Mr Jenkins
Assistant Headteacher - Sixth Form

Year 13 Trial Timetable
