A Level Geography Residential to Cornwall 5 – 8 June 2023

Dear Families

I am writing to update you on the A-Level Cornwall trip, taking place from 5-8 June. We are very excited about the trip and know that our students are too.

The itinerary for the trip is as follows.

Monday 5 June

Meet **07:00** at Orleans Park

Eden Project visit

Depart Eden Project for Penzance YHA

Tuesday 6 June

Penzance - coastal defences

Marazion - depositional landforms: sand dunes and beaches

Lands End - high energy coastline and erosional landforms

Wednesday 7 June

Redruth - rural case study

St Ives - tourist destination, re-branding

Thursday 8 June

Depart 9.00 for school

Aiming to arrive back at around 15:00, but obviously traffic dependent.

What to Bring

Students need to be aware that there is very little room on the mini buses and large suitcases will not fit, so pack as light as possible.

A suggestion of things to pack are as follows:

-
- Washbag
- Towel

-
- Rain jacket
- Trainers (comfortable footwear for walking)
- Clothes / underwear for three days- suitable for a range of weather conditions
- Spending money (all food is provided but may wish to buy extra when in town)
- Pencil case

Students are being asked to select their meals and rooming beforehand, which will be finalised in a meeting during school time.

If you have any questions or queries, please do not hesitate to contact me via email at astidwill@orleanspark.school.

Yours faithfully

Mrs A Stidwell
Head of Geography
